

La política de asistencia financiera del CHKD aplica a cargos del hospital y a cargos de los siguientes grupos de médicos:

- General Academic Pediatrics (Pediatria Académica General)

Algunos doctores de la comunidad que proveen atención médica en el CHKD no siguen/no se atienen a la política de asistencia financiera del CHKD. Si usted necesita ayuda para pagar las cuentas que ha recibido de cualquiera de estos grupos mencionados a continuación, usted tendrá que comunicarse con ellos directamente para preguntarles acerca de la asistencia financiera que ellos le puedan ofrecer a los pacientes y a las familias.

Además, usted tendrá que comunicarse directamente con cualquier oficina de cirugía oral o dental que le brindó atención médica a su niño en el CHKD.
